SISTER

Wouldn't Turn Away
Her Lover,

Wherefore Her Brother Com-
mitted Suicide.

Cleveland, May 7.—Christian Reed, of Youngstown, O., 24 years of age, committed suicide on Brookfield st. Tuesday, by drinking four ounces of carbolic acid. Reed came here Saturday having learned that his sister, whom he had not seen for 10 years, was living here. Later a quarrel occurred between the brother and sister because Reed objected to a young man with whom the girl kept company. She refused to turn her lover away and as a result the brother drank the acid on front porch of the house, where his sister resided. Death followed within a few minutes.

I have sold Chamberlain's Colic, Colera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above, the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this remedy in your home. For sale by all druggists. SUIT

Against Fire Insurance
Co.

John Sterzer and Fred H. Plate, of Copley township, have begun an action in Common Pleas court against the Norton Mutual Fire Association. They claim that Plate had a house insured for \$800, and that when he sold the property to Sterzer the insurance policy was properly transferred. The plaintiffs say that the company has refused to pay the policy.

A Woman's Face

Tells its own story. A laugh is often a tale on a woman's face. It betrays the pain which is tearing at the nerves. But the eyes have no part in the laugh. Their purple rings speak of suffering. There are lines too about the mouth which only pain can give. Many women look forward to a week of such misery each month. Three months of each year are given up to suffering. It weakens them. It ages them. It robs them of social pleasures and family joys. Can there be any excuse for such women who fail to try Dr. Pierce's Favorite Prescription? It has cured thousands of such sufferers. Cured them perfectly and permanently. It cures ninety-eight out of every hundred who give it a fair and faithful trial. It's sure to help. It's almost sure to cure.

"It had falling of internal organs and had to go to bed every month. Had irregular monthly periods which would continue last ten or twelve days," writes Mrs. Alice L. Holmes, of Copley township, Copley, Pa. "Had indigestion so bad that I could not eat anything solidly. Dr. Pierce's Favorite Prescription and Golden Medical Discovery cured me."

Free. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send at once stamps for paper-bound book or 31 stamps for cloth binding to R. V. Pierce, Buffalo, N. Y.

SAME

As Saloons, Only

Substitutes of the Anti-
Saloon League.

Officers Elected by the Ohio
Organization.

Columbus, O., May 7.—The trustees of the Anti-Saloon League at their annual meeting here have decided to undertake a new construction work which contemplates the establishment of substitutes for saloons in all cities and towns which have voted "dry" under the Real Local Option bill.

Superintendent Baker said that more than 200 saloons will be voted out of existence within the year, and that, therefore, nearly as many substitutes will be opened for public patronage.

It is planned to have the substitutes resemble the old drinking places in every detail of equipment, even to the bar, and the only distinguishing difference will be the absence of intoxicating liquors. Soft drinks, coffee, cigars and lunch will be sold, and reading and toilet rooms will be provided.

The trustees elected the following officers for the ensuing year: President, Rev. F. Whitlock, D. D., Delaware; vice president, Emory W. Hunt, D. D., president of Granville University, Granville; superintendent, Rev. P. A. Baker, Columbus; assistant superintendent, Rev. G. J. Rayner, Columbus; treasurer, R. S. Brock, Columbus; secretary, Rev. F. E. Wilber, D. D., Mt. Vernon; attorney, W. B. Wheeler, Columbus; editor American Issue, Rev. J. C. Jackson, D. D., Columbus.

The following were elected additional members of the board of trustees: L. B. Cherington, Columbus; L. H. Bulkley, Columbus; J. D. S. Neeley, Lima; Dr. Emory W. Hunt, Granville, and Rev. L. H. Stewart, D. D., Massillon.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for 14 years," says Joshi Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all druggists. E. Steinbacher & Co., wholesale agents.

ANOTHER VIEW

Of the Necessity for Establishing
Bertillon System Here.

"Speaking of the necessity for the establishment of the Bertillon system of measurements and identification for prisoners," said a local Police official Tuesday. "I do not believe that we would get practical results from the innovation, except in rare instances."

"Day after day, on arresting different persons, we take their names, addresses, ages, and as much of their family histories as we can find out, yet in only one case in a hundred, perhaps, do we ever have any use for the information thus gained."

"Perhaps the importance of the information gained in one case in a hundred, however, may be sufficient to warrant the extra work in the cases of those from whom we never hear again."

Finance Committee
Looked Over Bills.

Routine Business Before the
Council.

Council Monday night transacted little other than routine business. All members were present, excepting Mr. Koons, of the Fifth ward, who was in Cleveland on business.

An ordinance to pay claims audited May 5, was passed, but not until Council recessed to give the new Finance committee opportunity to examine the bills. "There is a systematic way of doing business," said Dr. Hill, "and we should not pass this ordinance until the president announces his standing committees." After the other business had been transacted, President Seidel appointed his committees, and the Finance committee approved the pay roll, with but very few exceptions.

Mrs. Lillian M. LaCamp,
Secretary and Treasurer of the Kansas City Lodge,
Order of the Eastern Star.

FEW women get sufficient rest. The care of young children, the duties of their homes and in many cases the demands made upon them by modern society keep them awake hours after they should be in bed. This constant straining of the nerves is killing hundreds of thousands of women. One of the first results is that the delicate menstrual function is upset. This terrible drain is sapping their lives—wearing away the nerve tissues that sleep cannot replace.

Mrs. Lillian M. LaCamp, No. 215 East Fourteenth Street, Kansas City, Mo., is the secretary and treasurer of the Kansas City lodge of the Order of the Eastern Star, which is composed of the wives and daughters of Masons. Her position is one of great trust, for in her keeping are the secrets of the order and the money which the members pay for its support. Her work carries great weight with everyone who knows her. In writing this testimonial she is in line with her daily duties—helping those who are in need. When she can tell them of a great remedy like Wine of Cardui, who have a better claim on her time and consideration than the hundreds of thousands of her suffering sisters? Mrs. LaCamp says this for Wine of Cardui:

"McClure's Wine of Cardui is certainly a boon to worn out and tired women. I have never known a medicine that would so quickly and permanently restore a woman suffering with the many diseases peculiar to her sex. I have tried it myself and know whereof I speak, and I have recommended it to dozens of mothers, suffering with scanty, profuse and painful menstruation, kidney or liver trouble, and I have yet to know of a case which was not greatly improved by its use. Because of this I am pleased to endorse it, feeling assured that it will not disappoint any."

Mrs. LaCamp is positive that Wine of Cardui will give relief to weak and suffering women and she does not hesitate to say so in strong terms of commendation. And she hopes that thousands

of women will take Wine of Cardui because she has brought it to their attention today. It is a fact that a woman cannot attend to the exacting duties imposed on her without taking some medicine to regulate the menstrual periods. Irregularities of the menses grow worse unless properly treated. The flow may become scanty or profuse. In the former case the entire system is poisoned by the refuse which cannot escape. Profuse menses or flooding drain the body of its strength.

Wine of Cardui when taken by a woman whose health is injured by the strain of too much work, will strengthen her for her tasks. It will stop the weakening discharges which waste the vitality and undermine the constitution. This is an important message to every suffering woman. It shows how she can secure relief in the privacy of her home.

If advice is needed for your case write a letter to the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn., and advice will be given you free of charge.

A Bill to Require In-
spection of Meat.

A McKinley Memorial Bridge In
Canton.

(Special Correspondence.)

Columbus, O., May 7.—Mr. Tenney, of Miami, has introduced a bill drawn by Judge M. B. Earnhart, of this city, providing for a meat inspector for every city and village of the State. The bill provides for heavy fines for selling beef that has not been inspected and approved by the duly appointed inspector. The bill was read the second time and referred to committee but it is understood that no especial effort will be made to rush it through. It is intended as much as a thrust at the beef trust as it is intended to be a law.

Mr. Myers, of Montgomery, has introduced the interurban fare bill which has been expected for several days. The bill was hastened to its second reading and referred to the Committee on Railroads and Telegraphs. It is understood that an effort will be made to get the bill through even if there are but about five days remaining of the session. The bill provides that interurbans shall only be allowed to collect fares at the rate of one and a half cents per mile.

The last bill introduced in the House so far, is No. 1001. The great majority of the vast number were local bills and quite a few of them were passed. One was a general bill, providing that a township or ward may be divided into one or more voting precincts whenever there are four hundred voters whose convenience will be thus assured. A bill by Mr. Pollock, of Stark county, authorizes the Commissioners of Stark county to build a McKinley memorial bridge over a creek near Canton. The Williams bill to permit the houses of refuge in Cleveland and Cincinnati to keep females until they arrive at the age of 15 and incidentally to extend the time of the trustees of those institutions, was taken up and passed.

Don't Start Wrong.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly."
